Subject: Update on Provisioning of Bottled Water

Counsel:

The last time we spoke, you provided information to us on the number of citizens contacted about bottled water, the number who accepted water, and the number who accepted the offer of treatment. Could you provide us with an update on those numbers?

We understand the Counties have expressed concerns about the treatment system being proposed by the Coalition. Please provide an update on the status of those discussions and the status of the treatment system selection process.

Finally, we have heard that the Coalition may be considering extending its current bottled water offer to three months. Please provide an update on the status of the MOU discussions with the Counties.

Thank you for your attention to this.
